You have got the decor and table arrangements pretty much nailed. A fresh, clean and light setting, which made us feel very welcome. The front of house lady was very enthusiastic and put us at ease. We had a table in the window which was perfect. The table setting was neat, and the complimentary olive bread was a nice touch. So all in all a smashing evening, and we are so glad we made the trip from Northampton

We came for lunch last Saturday and just wanted to say how much we enjoyed our delicious meal and the lovely atmosphere. Had no idea that you had opened so recently and very glad we were in Dorset and in luck to discover you in time. Thank you

Just a thank you really - Matt and The Garlic's staff made our Saturday night (and more specifically, Sarah's 26th) an unforgettable one. We both had a great time, and are arranging a return visit in the August Bank Holiday (we also discovered a super campsite up the road). Congratulations to everyone involved for a cracking start to a lovely restaurant.

Just wanted to say thanks for a fantastic dinner on Friday 31st July. It was for my 30th birthday and the food was amazing! Lovely, friendly staff and a beautiful restaurant...we'll definitely be coming back!

Matt Harrington

I think it all works. Mat comes across as a decent guy who really wants to see people enjoying his food. A man after my own heart really – well done, we'll be back.

May I just say how much we enjoyed our meal at your new restaurant last Thursday (6th August) on our way back to Essex from our holiday in Cornwall. The food you cooked us was truly stunning. (Spider Crab and Smoked Mussel gratin).

Sarah Chapman

Just to say how much my mother and I enjoyed our meal last night, everything that was put in front of us we thought was very good, we just wish we had had room for a dessert.

The fish we had at The Wild Garlic was the best we had encountered all week. The delicate flavours of the John Dory which was accompanied with an amazing subtle wild salad was superb. It would be remiss of us not to also mention the friendly and professional service from Mark and Eona. We loved it and wish you all the best and every success in the future.
